

## **Data Governance Adviser – applications now open**

The ISCP Data Analysis, Audit and Research Group (DAARG) has created the post of Data Governance Advisor. The successful candidate will have experience in data governance within a trust or similar organisation, be familiar with data governance regulation and be aware of the new General Data Protection Regulation (GDPR), coming into force later in 2018. He or she will participate in reviewing ISCP data requests and contribute to the approvals process, as well as contributing to feedback and guidance to applicants, in order to improve the quality of data requests from a data governance perspective.

Applicants are asked to submit a CV with an [application form](#) to the ISCP Surgical Director at [jon.lund@nottingham.ac.uk](mailto:jon.lund@nottingham.ac.uk) by **Monday 19 March**.

Further information can be found in the [job description](#) and [person specification](#), or obtained by contacting Jon Lund at the above email address.
