

## Mapping Document for Head and Neck Oncology Training Interface Group (TIG)

For the purposes of comparison, I have collated the two curricula (old and new) side by side to visually indicate where changes have occurred between the two curricula. The third column shows mapping to other stages of the syllabus.

2013 Head and Neck Oncology Special Interest Syllabus	2015 Head and Neck Oncology Special Interest Syllabus (Where the topics from the 2013 syllabus have been able to map directly onto a corresponding topic in the new 2015 syllabus)	Mapping to other areas of the 2015 Head and Neck Oncology Special Interest Syllabus where 2013 topics correspond (apart from the topics in the second column)
Basic Sciences	<i>Not evident in new syllabus as a distinct Topic. However, all key words in this topic in the 2013 syllabus can be mapped onto different Advanced Topics in the 2015 syllabus</i>	<b>Key themes mapped:</b> <b>Surgical Anatomy</b> in Advanced Topic 3 <b>Immunology</b> in Advanced Topic 6 <b>Epidemiology</b> of head and neck cancer in Advanced Topics: 1,2,4,7 <b>Pathology</b> in Advanced Topics: 1,2,4,6,7,8 <b>Physiology</b> in Advanced Topics: 1,2,3,4,5,7,8,9 <b>Microbiology</b> in Advanced Topics: 1 and 8
Oral Cavity	Advanced Topic 3 Oral Cavity	
Larynx	Advanced Topic 1 Larynx	Also in Key Topic 2: Swallowing, Speech and Nutrition
