

V10 ISCP Development List

All bugs and important functionality problems that come to light will be dealt with as they arise. In addition to this work, we are now starting other developments and this is the list that we are working on. This list is:

- 1) not exhaustive
- 2) not in the order that work will be undertaken
- 3) the items on it are not all of equal importance
- 4) the items on it will require different amounts of programming time to complete
- 5) the list is under constant review as items are investigated, completed and added to it

Work is currently focussing on completing what is required under “ARCP”. We then need to carry out work to enhance the electronic communication we have with the GMC in order to improve the certification (CCT and CESR CP) recommendation process. We will then start work on the NOTSS teaching and assessment while undertaking consultations on proposals for altering PBA layout and the logic for the MSF. At this stage we also plan to carry out some work on the JCST Survey.

We will update this list periodically and would welcome any comments or suggestions.

Area	Description	Status
ARCP	Ability for one or multiple Chairs to sign off ARCP	Released on 02/02/2017
	Back button to allow direct return to ARCP meeting from portfolio areas	Released on 02/02/2017
	Search trainees in ARCP management page	Released on 02/02/2017
	ARCP trainee progress page to provide direct links to portfolio detail and include a back button for reverse navigation	Released on 02/02/2017
	Trainee’s CV to be viewable by the ARCP panel within the trainee portfolio	Released on 02/02/2017
	Pre-penultimate year assessment	
	Update ARCP form in line with COPMeD guidance Display Objective setting and Interim meetings from LA in ARCP	In progress In progress
Certification	Electronic communication link between ISCP and GMC for certification recommendations	
	Extended date access of Portfolio for SACs for certification	
NOTSS	Build NOTSS assessment	
	Add NOTSS in a box course on ISCP	
MSF	Improve operation of MSF page	
	Enhance TPD and AES view of MSF	
	Improve MSF (to be consulted upon)	
DOPS/PBA	Improve PBA (to be consulted upon)	
	Publish full list of PBAs and DOPS available to all users	Released on 02/02/2017
WBA	Ability to output a PDF of each type of WBA	Released on 02/02/2017
	Enable raters to add a message when rejecting a WBA	
	Extend word count in feedback boxes	
	Provide a colour code key to ratings	

	Enable trainers to initiate WBA Improve view of WBAs	
JCST Survey	Intuitive questions selection Trainee view of trainee survey response Trainer Survey Auto analytics	
e Logbook	Improve linkage between eLogbook and ISCP	
Trainer's Portfolio	Trainer Dashboard Trainer Profile Assessment Summaries Reflective Notes Document Library Trainee Questionnaires Trainer Questionnaires Trainer eLogbook Report	
Registration	Minor changes to registration for non-trainees	
Dashboard	Include Certification date and NTN for trainees Trainee progress report	
Timeline	Build new training history timeline	
Global Objective	Enhancement of GO (to be consulted upon)	
Placement	Enable CS to be any registered person Placement to reflect SAS / OMFS JTP / Foundation doctors Enable TPD to create / edit placements	
Learning Agreement	Structured CS report Structured AES report Enable AES to initiate a Learning Agreement	
Enhanced Visual Representation	Develop enhanced visual display of serial WBAs	
Journal	Minor changes to the journal process flow	
Topics	Provide full syllabus topic content in new window within portfolio view Remove of old syllabuses from topic picker Link syllabus revisions – when a syllabus is updated, show latest outcome and all evidence against the mapped topic in new syllabus version Ability to define and select favourite topics	
Teaching Links	Develop 2-way link with eBrain	

Portfolio	Ability to re-order PBAs and DOPS by procedure in portfolio Portfolio Summary mapped to Certification Guidelines Logbook of clinical activity - ENT Direct link to MRCS and FRCS to show current exam status (to be consulted upon) Enhance endoscopy recording	
Clinical Supervisor	Improve visibility of clinical supervisor report	
PDF	Improve PDF output Improve interface	
Account	Improvements to "Who can see my account" Allow continued access to portfolio for trainees who become trainers	
Access	Update trainer roles and views	
Non-trainees	Enhance functionality (to be consulted upon)	
Alerts	Improve dashboard alerts	
Search	Improve search facility	
JCST	Develop of Out of Programme facility Minor enhancements to enrolment Further back-office integration with SIMS	
Fact Tables / Reports	Improve reports for different training roles WBA data ARCP data	
Back office	Enhance administration to assist users	
App	Develop offline trainee / trainer Apps for key functions	
Liaison Member	Develop a Liaison Member area	
Guidance	eLearning "How to use ISCP" eLearning "Cultural differences"	
Miscellaneous	Enhance interface between surgical / dental specialties Improve functionality of 'user picker'
